

GLOBAL OFFER FOR  
WINDFARM REPOWERING

# Anticipation of the Valorisation of your **asset**

[www.velocitaenergies.fr](http://www.velocitaenergies.fr)

OUR PROPOSAL BY PHASE

Our offer  
is based on  
**3 phases**

The preliminary audit  
will define **the  
Repowering  
Potential for the  
Portfolio**

PHASE  
**01**

PHASE

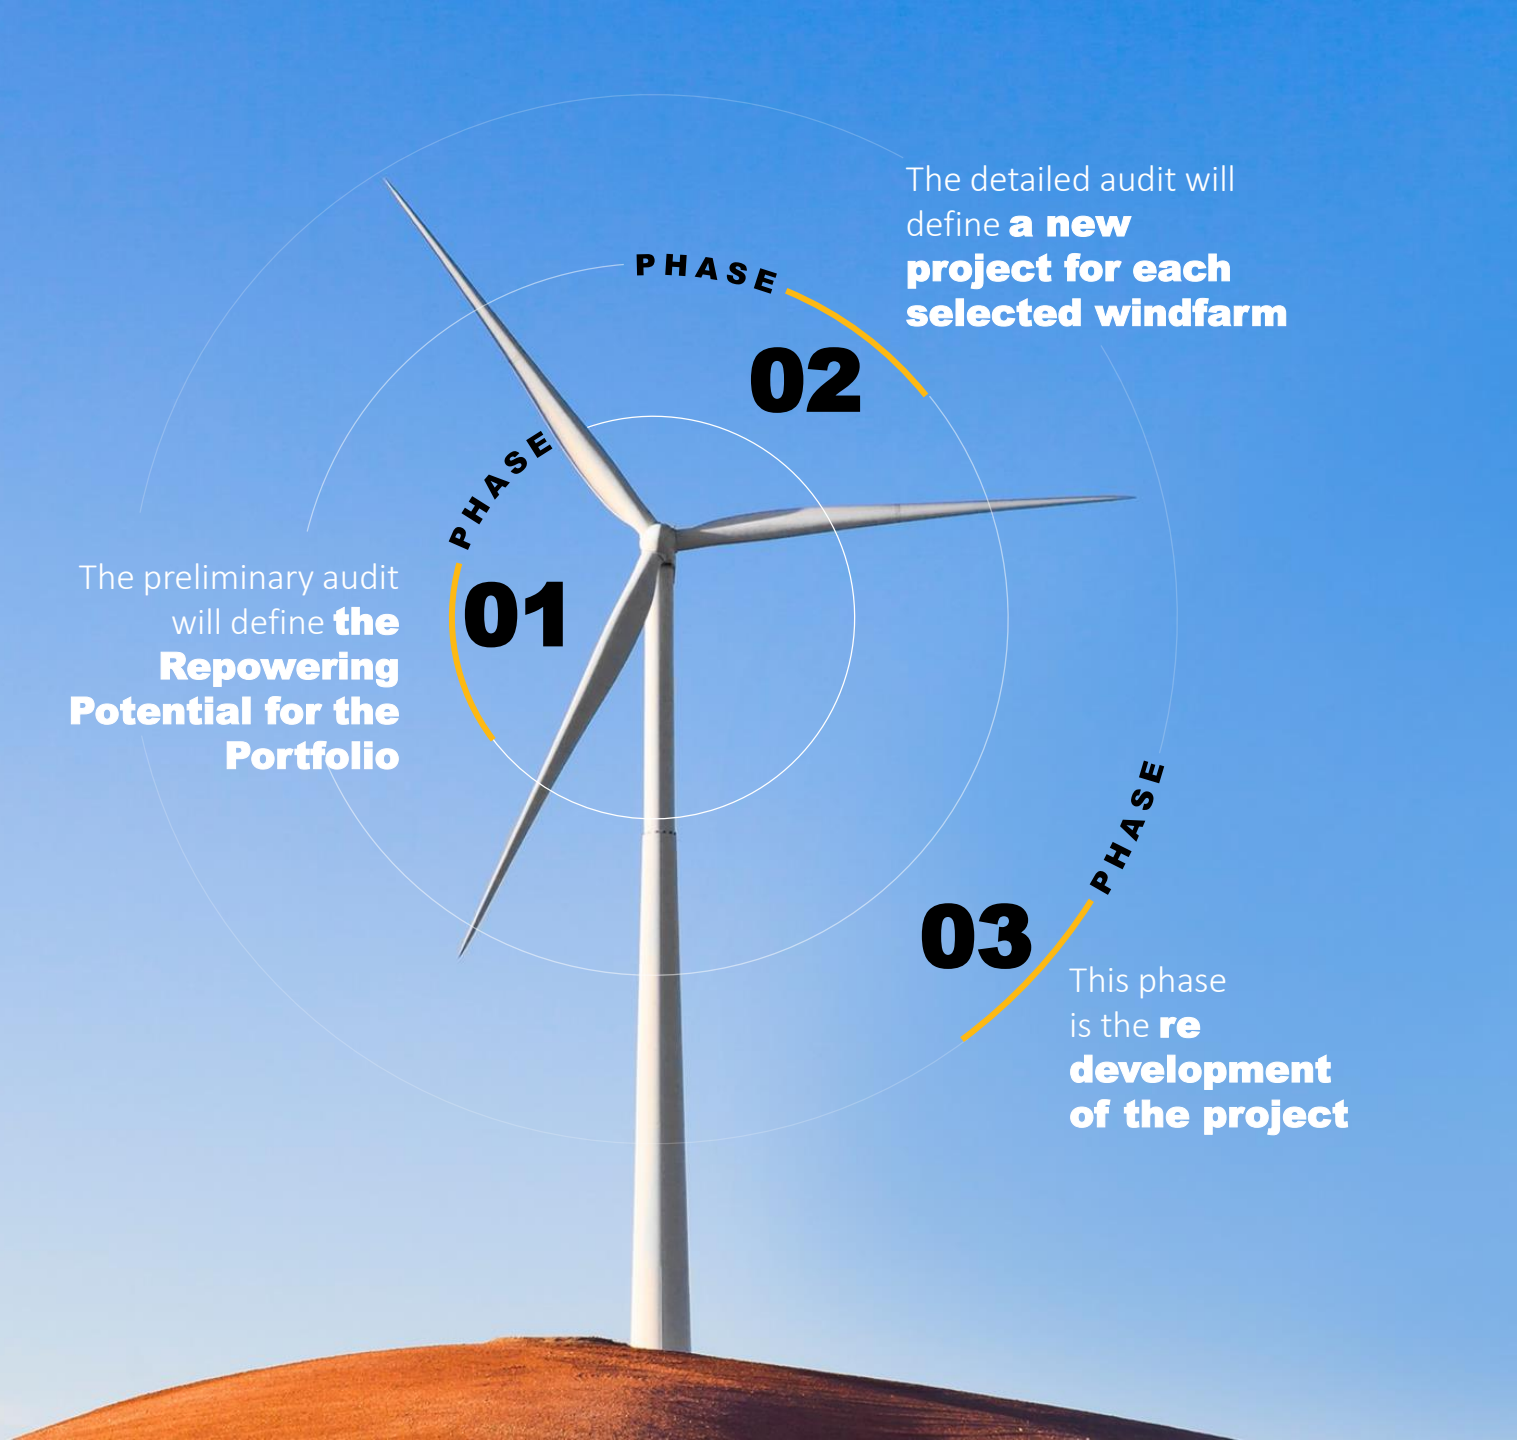

**02**

The detailed audit will  
define **a new  
project for each  
selected windfarm**

**03**

PHASE

This phase  
is the **re  
development  
of the project**

OUR PROPOSAL BY PHASE

The preliminary  
**audit will,**  
**project by**  
**project,**

**Characterize**

the Windfarm,  
as is

**Review**

the existing  
technical &  
environmental  
**constraints**

**Precise**

the appropriate  
regulation to apply  
(instruction of 11th of  
July 2018)

**Evaluate**

the **potential  
for repowering:**  
Type of turbines / new  
capacity

THE POTENTIAL FOR REPOWERING OF THE  
PORTFOLIO WILL ALSO BE AGGREGATED.

OUR PROPOSAL

Detailed audit:  
**the definition  
of a new  
project**

PHASE  
02

AN « IN DEPTH » ANALYSE OF  
EACH WINDFARM

PHASE

02

**Interviews**

Asset manager & operation team  
Evaluation of local relationships via  
**local elected representatives**

**A detailed  
technical  
audit**

Effective production – real wind resource -  
review of surveys vs EIE  
Grid connection capacities – land lease  
agreements

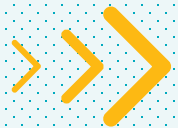

**The  
definition  
of the new  
project**

A **report** presenting **potential  
layouts** with a **selection of  
turbines**  
Associated **estimated AEP,  
CAPEX, OPEX** of selected turbines  
A **compatibility matrix** of  
constraints vs the new project

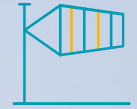

OUR PROPOSAL

# Re development of the project

PHASE  
03

**Steering** of all necessary studies **to submit a new authorization**

**Concertation**  
(local representatives and State services)

Follow up of the litigation, if necessary

**Negotiation** of the **new land lease agreements**, if necessary

**Supply** of complete dossiers **to submit a new authorization**

**Grid connection** request (to ENEDIS)
